*Traditional*  
**APPLE CIDER  
VINEGAR**

*with or without*  
Garlic

An Excellent **NATURAL HEALTH** Supplement that  
**ALL ANIMALS LOVE**

Find Out The Secret!

## STOCKHEALTH 'DOUBLE STRENGTH' APPLE CIDER VINEGAR

# Gives your animals a healthy happy life

### WHY?

Because APPLE CIDER VINEGAR is the one supplement that you can apply that reinstates the health and happiness of your animals.

### HOW DOES IT WORK?

APPLE CIDER VINEGAR is a key food for maintaining the body's vital PH Acid/Alkaline Balance

#### UNDERSTANDING ACID/ALKALINE BALANCE

Animals blood is slightly alkaline, with a normal PH level between 7.30 and 7.40. Despite being an acidic solution, apple cider vinegar has an alkalizing effect essential to good health, which is why one to two teaspoons of APPLE CIDER VINEGAR in water is recommended as a daily health tonic. This means that animals have a much lesser chance of getting sick while in a slightly alkalized state, as many illnesses will not survive in this environment. However, in an acidic environment, the body is unable to maintain healthy enzymes and protect itself from bacteria, moulds or viruses. Your animals then become vulnerable to illness.

### MEDICATE DAILY BY:

- Adding to drinking water
- Adding to meal or silage
- Spraying onto the coats of the animals
- Direct drenching (must be diluted 50/50 with water)

### DOSAGE RATES

**CATTLE** 30 - 40 mls as a drench diluted.

10mls per head per day added to water or feed.

**SHEEP** Use as a drench, 20ml diluted 50/50.

Some add molasses, or it can be put in a molasses lick.

A daily dose of 5ml per day is ample.

**ALPACA** Similar to sheep, include in feed or water

**POULTRY** 80ml of ACV in a bucket of water daily for

100 - 150 chickens. ACV creates quicker feathering and quicker growth. Meat from any bird or animal fed with ACV is more

tender.

20ml of ACV can also be put into an icecream container.

**DOGS** Good fertility and energy aid for working dogs. Add 5ml to water daily.

ACV is made at an organically certified orchard, from the whole apple which retains maximum minerals and vitamins. If your option is added garlic, Stockhealth uses freshly crushed Australian grown garlic.

**Fertility**  
**Easy birthing**  
**Low cell count**  
**Health and more!**

**GRAFT**  
**FINA**

## TESTIMONIALS

### MASTITIS

'Troubled with high cell counts, advice from **Stockhealth Products** incorporating a mineral/vitamin program using Mineral Plus and **Double Strength Apple Cider Vinegar**, we reduced cell counts to 90,000 within 14 days. 8 cows that hadn't responded to antibiotics are now back in the herd.

"Quote from Dairy Farmer" – Western Victoria

'Antibiotics and Penicillin didn't seem to work.

We tried **Stockhealth Double Strength Apple Cider Vinegar** with garlic three years ago and have been using it ever since. It is the only product that has consistently helped in lowering our cell count and guess what!!

There is no withholding period on our milk.'

Quote from another satisfied dairy farmer

### ABORTING CALVES

'**Stockhealth Double Strength Apple Cider Vinegar** appears to have helped overcome a problem of aborting calves early. They also calve easier than before.

Great product that we will continue to use!'

### DAIRY HEALTH MANAGEMENT TOOL TO IMPROVE IMMUNE SYSTEM OF CALVES

'Since including **Stockhealth Double Strength Apple Cider Vinegar** in their diet, we do not lose nearly the number of calves in our calf shed. The secret is to get 2 - 5 mls into their gut ahead of the milk.'

### EASIER FOAL BIRTHING

'I Swear by it! Feeding it to broodmares has been a great help. Pat Coleby's book on horses, is good reading.

## BENEFITS?

- A specially formulated DOUBLE STRENGTH (8%) unpasteurised natural supplement for all livestock.
- It is unpasteurised, therefore retaining the 'mother of vinegar' which is vital in preserving all vitamins and minerals.
- It is high in acetic and malic natural acids.
- It is a rich source of potassium and is quickly assimilated
- Potassium is necessary to build strength and fight bacteria by flushing out toxins.
- It has powerful healing, cleansing, natural antibiotic & antiseptic qualities.
- It has both internal and external benefits for Itch, Bot Flies, Fleas, Ticks, Skin Conditions, Arthritis, Mastitis, Cystitis and endless ailments.
- It is an excellent cleaning product.

"Massey University's Dairy Cattle Research Unit in NZ has included our 'Apple Cider Vinegar' in their Organic / Conventional Systems Comparison Trial health & supplement program since 2003.
